"VHF-DATABASE Update" and update or set your info to the
VHF-DATABASE! SOURCE: Guy, DL8EBW, on behalf of the MMonVHF Team

** Fireball over New Mexico... **

Hi Chaps, The lightening conversation has been most interesting,
it's a pity that the paper "Characteristics of lightning echoes
observed with VHF ST radar", isn't available, seems one has to
pay for a copy! Did anyone see the footage of the "Fireball over
New Mexico" featured on Spaceweather.com this week, quite amazing
footage caught by a all Sky-Cam, something I'm hoping to establish
at our Dark Sky Site just north of Heathcote.

**** PJ2T (FK52) Activity on HF and 6m ****

Jeff K8ND and Bill W9VA, will be on a ham vacation to the Signal
Point contest station on the island of Curacao (SA-006, WLOTA
0942, WW Loc. FK52KG) on 8-18 October 2010. They will sign PJ2T,
and possibly PJ2/homecall. QRV on all HF bands, plus 6 metres.
QSL via home calls and LoTW. QSL PJ2T via N9AG and LoTW.
Note: The station (PJ2T) will be opened to amateurs participating
in the GAREC conference (11-12 October), as well as to any local
Curacao amateurs who wish to operate from Signal Point during the
post 10-10-10 week. The PJ2T callsign will be used beginning at
0400Z on 10 October 2010, when the Netherlands Antilles is

dissolved and Curacao becomes an autonomous country within the Kingdom of the Netherlands (and likely a new DXCC Entity).

**** DU - PHILIPPINES, OC-128 ****

Hiro, DU1/JJ5GMJ, is working on Palawan (OC-128) since August and is expected to stay there for half a year. He is active on 160m-6m and wants to take part in several CW contests. QSL cards should be sent direct to JJ5GMJ or via the JA bureau. All QSO information will be uploaded to the LotW later. SOURCE: DXNL 1695

**** Countdown to The Spratlys - 27 September 2010 ****

With 100 days to go before DX0DX hits the ham bands there is mounting interest in making contact with the DX Special Entity, The Spratlys, over three weeks 6-24 January 2011.

... some V/UHF related infos: ...

In other news, ICOM has announced that DX0DX will have the new IC-9100 available for the VHF/UHF station. It will be fitted with a UX-9100 23cm module. This transceiver is to be coupled to M2inc yagi's on 6m, 2m, 70cm & 23cm. For the sought after 6m band the antenna is the 6m7 while the 2m radiator is the 2m9ssb. These two bands will supported by the OM2006 6m amplifier and 2m with a Commander 1kW amplifier. Read all details of the announcement and more at: <http://www.mmmmonvhf.de/latest.php?id=3266>

**** DEADLINE for your NEWS input to MMonVHF****

... for your News (pse use: <http://www.mmmmonvhf.de/newsuser.php>) to the next MMonVHF Newsletter will be next wednesday 2359 UTC...

The VHF-DX-Portal MMonVHF - Newsletter Credits & Info

Our Newsletter is compiled from the input of the USER of the VHF-DX-Portal MMonVHF as well by a lot of free usable HF-V-U-SHF-Info-Sources (named as SOURCE at the NEWS) and chats like ON4KST-, RU-VHF-DX-Net, EA-V-U-SHF-Chat, N0UK-Chat and others.

**** Many thanks to all USER who send us info and news ****

Wherever we found the info we always indicate the source of the info. If you get knowledge of an expedition, which is NOT listed at our VHF-DX-Portal MMonVHF or if you have additional info for an expedition, PLEASE be so kind and send us this info at:

**** www.mmmmonvhf.de/newsuser.php or www.mmmmonvhf.de/kontakt.php ****

The MMonVHF-Team is always trying to spread any expedition info as much up-to-date and reliable as possible and as long as the info does not violate with our MMonVHF-Policy.

Have a lot of fun and enjoy the VHF-DX-Portal MMonVHF!
